Sao Vicente

The town of Ponta do Sol is very popular, the city is ideally located facing the sea and of gorgeous sunsets. Former capital of the region, it has preserved beautiful colonial buildings stretching between a beautiful small harbor and a large Mediterranean-style place.

The proposed house here is of recent construction with standard finishes. On three levels: a large room, a kitchen, three bedrooms (large closets), living room, three bathrooms, a bathroom, a small courtyard, a terrace with sea view (about 8 m2) and balcony, water tank of 5 m3. Possibility of being sold furnished. Good location in a quiet street close to the central square and shops. **Very good investment to live in Ponta do Sol or for rent.**
